turbines)

OregonETA Hosts Panel of "Green" Experts

Our panel of green experts will include training programs in Oregon, a representative from the State of Oregon and a local green jobs employer. They will share their information and training programs in the emerging field of "Green Jobs" in Oregon. Learn where Oregon is headed and how we can prepare the workforce to take advantage of the emerging green industries.

Employers joining us will have the opportunity to network with the training providers and provide valuable feedback to these programs to help mold this new workforce.

Please Join Us
